WELCOME!

Farouk Systems, Inc. is a Houston-based company of hairdressers for hairdressers, known for manufacturing high-quality professional hair care products under the industry-leading brands CHI®, BioSilk®, and SunGlitz®. The company was founded in 1986 by Farouk Shami, a hairdresser whose mission is to provide the professional beauty industry with the most advanced American technology based upon "Environment, Education, and Innovation".

Dr. Shami created the world's first ammonia-free hair color and is the owner of 23 patents and counting. He was also the first to use silk proteins in the creation of the BioSilk Silk Therapy Line and invented the very first CHI Ceramic Hairstyling Iron. He is known for revolutionizing the hair industry with NASA technology while creating a safer and healthier workplace and environment for both stylists and consumers.

The company provides the beauty industry with the latest innovations to a wide range of markets through multiple successful product lines and the finest educational support to better serve hairdressers and their clients. Farouk Systems, Inc. has over 500 CHI Partner Schools as well as their own state-of-the-art facility, the CHI Lone Star College-North Harris School of Cosmetology in Houston, Texas.

Farouk Systems has entered a joint venture with LG Household and Health Care, Ltd. that will bring the latest technology and advancements to the beauty industry. It will establish a manufacturing facility in South Korea to better serve distribution channels in Asia. Each company will combine its expertise in technology and product formulations to deliver new product concepts. Farouk Systems will also distribute LG Household and Health Care's skin care brands through its worldwide distribution channels in the professional salon industry.

Farouk Systems,Inc. has a long-standing commitment to create and manufacture the finest hair care products and styling tools that are environmentally responsible and adhere to the highest ethical standards. The company has over 2,000 employees and distributes its products throughout the United States and to over 144 countries worldwide.

CHI® IONIC PERMANENT SHINE HAIR COLOR

FEATURES & BENEFITS

Ceramic (Complete Oxidation)
- CHI ceramic provides maximum color penetration inside the hair
- Ceramic produces ionic charge (+/-) that will anchor the dyes deep inside the hair
- Adds radiance, shine, and longevity to color
- Complete oxidation of the dyes

Anti-Fade-Color Lock Complex
The combination of natural botanicals oils creates 30% longer lasting color. Antioxidants help provide UV protection and blocks free radicals. Helps colors last longer and adds essential moisture to the hair during color service.

Silk & Oil For unparalleled shine
- Contains 17 of the 19 amino acids found in hair
- Strengthens the hair
- Holds three times its weight in moisture
- Olive Oil and Brazilian Nut Oil adds moisture and improves color longevity
- Adds incredible shine and reflection

Aloe (moisture)
Aloe is known for its healing properties, added and ability to add moisture and shine to the hair

CHI enviro™

Benefits & Features

CHI Enviro American Smoothing Treatment is a revolutionary and safe treatment. It eliminates up to 95% of frizz while making curly hair manageable. It instantly adds amazing shine, silkiness, and condition to the hair. The results of this safe alternative to traditional, harsh straightening systems are amazing. The system safely smooths frizzy, curly hair into beautiful, soft and silky hair. When the powerful yet gentle formula is combined with heat from the CHI iron and dryer the hair is bonded, providing incredible results.
